

SUBTRACTING OBSTACLES TO MULTIPLY SUCCESS

DEVELOPMENTAL MATH: IT ALL ADDS UP

Change is sweeping across the developmental education landscape. When it comes to developmental math, that change looks different all over the country! This program features experts from around the nation discussing current trends in developmental math reform, and what it takes to successfully implement new practices at your institution. Featured is the Charles A. Dana Center at the University of Texas at Austin, and the work being performed on the Mathways Project. The program provides developmental math practices for implementation in the classroom.

SHOWING:
APRIL 21 - MAY 5, 2014
